

## 2°C to 8°C Laboratory Refrigerators

Blue Star's Pharmacy Refrigerators are specially designed for positive temperature storage of samples, pharmaceuticals, medicines, vaccines and more. These models have a glass door for convenient sample viewing and ventilated air circulation system to maintain uniform and precise temperature.

### Control System

- Microprocessor-controlled
- Inside temperature from 2°C to 8°C
- Large display for better view
- Digital controller
- Battery powered

### Refrigeration System

- Equipped with famous compressor
- Automatic defrost
- CFC-free refrigerant for environmental protection & safety
- High-efficiency air cooled condenser and finned evaporator

### Safety Alarm System

- High/Low temperature
- Door ajar

### Structure Design

- External high quality structure
- Equipped with a built-in USB datalogger
- Polyurethane insulation
- Door heating modes to prevent glass door from condensation
- Standard access port

Model Number	YC-260WDFI	YC-810WDFG	YC-1200WDFG
<b>Performance &amp; Control</b>			
Capacity (L)	260	810	1100
Temperature Range (°C)	2-8°C	2-8°C	2-8°C
Control	Microprocessor	Microprocessor	Microprocessor
Temperature Increment	0.1	0.1	0.1
<b>Dimensions</b>			
Internal Size (W*D*H) mm	475*520*1288	1100*530*1555	1425*530*1555
